## SCHOOLBOY LETTERS FATAL

Disrespect Shown His Father Years Ago Drives Son to Suicide

Oakland Man Fires a Bullet Into Brain; Remorse Directs Shot

Disrespectful letters written by a schoolboy to his father 15 years ago, and kept by the broken-hearted parent despite the pleading of his son that they be returned to him, led to the suicide today in Oakland of Albert Zingel, member of a well-to-do Illinois family.

Zingel, who was 29 years old and had followed the occupation of day laborer for the past two years, shot himself in the head this morning at 814 Castro street, where he had been living with a sister, Bertha. The shooting followed an early morning visit to the home of his brother, Theodore Zingel, 829 Kingston avenue, Piedmont.

"You are the administrator of my father's estate," said Albert, "and he told me that not until he died should I ever recover those letters. Now he is dead. Give me the letters or I will kill myself."

**PROMISED LETTERS.**  
The elder brother declared that he did not know where the letters were but promised that if he could find them they would be turned over to the writer.

Albert then went back to his little home at 8 o'clock this morning, secured a .44 caliber revolver, and fired twice, missing his head the first time and then sending a second bullet into his brain.

The case is one of the most peculiar that has come within the attention of the local authorities in some time. The stories told by the sister, Bertha, and by Theodore Zingel agree that remorse for having written insulting letters to his father when the lad was a mere boy at the family's home in Illinois gradually became uncontrollable mania.

**PLEADING UNAVAILING.**  
To all the son's pleading that the letters be given back so that they should be destroyed the father only replied:

"You can have them back when I am dead and not before."

The sister explained this morning that as Alfred approached manhood he seemed to think in some way his father's life depended upon the recovery of those letters. He ran away from home but never stopped his entreaties by mail that the letters be given back to him.

Coming to California two years ago, Alfred found employment as a day laborer, but his mania remained with him.

## Campaign Fund Inquiry Postponed

WASHINGTON, Oct. 24.—After a brief executive session today the Clapp committee investigating campaign funds found no witnesses on hand and adjourned until tomorrow, when former Senator Beveridge of Indiana is to testify about expenditures of his campaign money in his 1904 state campaign.

Former Speaker, H. C. Pettit of the Indiana House of Representatives also has been summoned to appear tomorrow.

## Women Attack Butcher Shop in Food Riots

BERLIN, Oct. 24.—Dear food riots increased in violence today. Two hundred women attacked a butcher shop in the Wedding district, demolished the premises and stole the meat. The rioters were seriously injured. All the other butcher shops in the district have been closed and harried.

## REBELS THOUGHT FEDERALS WERE FRIENDS AND MADE NO RESISTANCE

Rebels Thought Federals Were Friends and Made No Resistance

Sound of Two Cannon Shot Frightens the Insurrectos Into Flight

VERA CRUZ, Mex., Oct. 24.—General Felix Diaz, captured yesterday in the wreck of his rebellion, told his men that the federal troops advancing on Vera Cruz were coming to enlist under his flag of insurrection. Therefore, when Madero's soldiers hove in view the rebels gave way as they would to friends. They made no resistance and the fall of the city before the loyal force was brought about so easily that it could be looked upon as a farce but for the tragedy, it is believed, that awaits in the fate of the leader. That was the explanation of the lack of resistance they showed, given by the Diaz soldiers today.

During the fighting the Mexican gunboat Morelos fired two shots, the noise of which caused a body of rebels to vacate a church they had occupied.

**HEAD FOR THE GULF.**  
MONTREY, Mex., Oct. 24.—As indicating that Pascual Orozco, a Mexican rebel chief, aimed to reach at least a part of his command to Tampico, a report was circulated here today that when a band of insurrectos appeared at a ranch near Juan Felipe they declared they were headed for the gulf coast. They said they were part of Orozco's command. They demanded horses, got twenty, and gave receipts for them, promising to "pay for the animals at the end of the revolution." It is presumed the commander aimed to co-operate with the Diaz forces captured yesterday at Vera Cruz.

## Submarines Ordered To Act Decorously

WASHINGTON, Oct. 24.—Spectacular feats by the submarine boats of the navy hereafter are prohibited, as the result of an order just issued by Secretary of the Navy Meyer. Under no circumstances will any of the little craft be permitted to dive more than 100 feet below the surface, although on the Pacific coast submarines have descended to the 200-foot level.

In addition, whenever a submarine in future starts out to exercise alone it must leave with the vessels of its division a full report of its proposed movements so that it can be followed in case of accident. The recent catastrophes led Secretary Meyer to issue the order.

## Colonel Soon to Be In Campaign Midst

OYSTER BAY, Oct. 24.—Colonel Roosevelt gained strength so rapidly that it was expected today he soon would be permitted to resume the work of his campaign. The patient arose soon after he had breakfast and dressed in a lounge robe, walked about the house more freely than at any previous time since his return. It probably will be several weeks before he will have full use of his right arm. Colonel Roosevelt expected to see a few visitors today and to begin preparing the speech he hopes to deliver in New York next week.

## Enlistments in U.S. Army To Be for 7-Year Period

WASHINGTON, Oct. 24.—Adjutant General George Andrews of the army informed recruiting officers today that after November 1 all enlistments must be for a period of seven years instead of four years. This is the first application to the recruiting service of the long-term provision of the new law. While the full enlistment term will be seven years, only the first four years will be for actual military service. After that the soldier who does not care to re-enlist will be transferred to the army reserve, without pay or allowances, but will be subject to call at a moment's notice.

## JURY HOLDS BECKER'S FATE

Accused Police Lieutenant to Hear Verdict of Superiors by Tonight

'Matters Not That His Hand Didn't Slay Rosenthal,' Says Jurist

NEW YORK, Oct. 24.—The fate of Charles Becker, the police lieutenant charged with instigating the murder of gambler Herman Rosenthal, is in the hands of the jury. Justice Goff, who presided over his trial, finished his charge to the jury late this afternoon.

Justice Goff charged the jury in a speech lasting more than three hours, ruling in substance that the conviction or acquittal of the police lieutenant for the murder of Herman Rosenthal rested solely on the question of whether Sam Schepps was or was not an accomplice. He was in doubt himself on this point, he said, therefore declined to instruct the jury.

He ruled that Rose Webster and Vallon were accomplices; that upon their testimony Becker could not be convicted of murder in the first degree even though the evidence showed that he had instigated the murder. Becker sat unmoved while the charge was being delivered.

As Becker was being led away to the Tombs he said:

"That was not a charge to the jury. It was a thin veiled summing up of the case for the prosecution. It was absolutely partial. There was no justice."

## Tosses Coin, Loses, Weds Acquaintance of a Day

SANTA MONICA, Oct. 24.—Because he lost the toss of a coin, Victor E. Steadman, a young really operator of Santa Monica, is a benedict instead of a bachelor today. His bride is an acquaintance of a day. Steadman and a friend, Albert Walters, tossed a coin ten days ago to decide which should marry and brighten the bachelors they occupied with the presence of a woman. Steadman lost and it was agreed that he should wed within sixty days.

He met Miss Annabelle Hopkins of Los Angeles here Tuesday night, a proposal followed and they were married last night.

## Young Alligator Lives In Trunk Six Months

HAMMOND, Ind., Oct. 24.—Frank D. McIlroy, president of a manufacturing concern here, while rummaging through a trunk, which had been in storage for six months and which had belonged to his brother, came upon a young alligator 8 inches long. The cayman was alive and ravenously hungry.

McIlroy was summoned to Central America last April by a message stating that his brother was dying. He arrived there after his death, took possession of his brother's effects and brought them home. Among them was the trunk, which he placed in storage without examining its contents.

## Babe Equal to Adult In Eyes of the Law

SEATTLE, Oct. 24.—Babies in arms are passengers under a ruling received here yesterday from the department of commerce and labor, which upheld the marine inspectors in fining Captain A. R. Hunt of the steamer Dove, operating out of Tacoma, for carrying 109 passengers when the inspection authorities licensed the vessel to carry only 100. Captain Hunt contended that the excess number consisted of babies in arms who had not been counted. The department decided that the infants were passengers within the law, but reduced Captain Hunt's fine from \$500 to \$250.

## Juggle With Dynamite Caps; Boy in Hospital

LOS ANGELES, Oct. 24.—Three small boys, ambitious to become jugglers, practiced with dynamite caps which they mistook for pebbles, and today one of them, Jesse Wallace, 10 years old, is in the county hospital, blind in both eyes, hands seriously mutilated and probably fatally injured. The other two boys, Harold Burnell, aged 7, and Sammie Vienna, aged 12, ran away from the Oak Hill Park orphanage to join Jesse, with whom they found a locked box, which, besides the detonating caps, contained twenty sticks of dynamite. They broke the box open with rocks. They were only, thinking they would be good with which to practice juggling.

## BIG BATTLE RAGING STILL

Advancing Balkan Army and Enemy Engage in Terrible Conflict

Montenegrin Artillery Does Good Execution in March to Scutari

SOFIA, Bulgaria, Oct. 24.—Fifty thousand Turkish soldiers were captured by the Bulgarian forces when the fortress of Kirk-Kilisesh fell. The way was then partly cleared for the advance on Adrianople. A strong force of Turks between Kirk-Kilisesh and Adrianople has engaged the Bulgarians in a terrific battle, which has already lasted two days. On both sides the losses have been heavy.

## GREAT BATTLE RESUMED. CONSTANTINOPLE, Oct. 24.

—The great battle between the main forces of Bulgarians and Turks was resumed today along the entire line between Adrianople and Kirk-Kilisesh. Drenching rain hindered the movement of the troops.

Dispatches from Adrianople report that the second division of the Bulgarian army crossed the frontier yesterday. Its advance guard encountered serious resistance and suffered heavily, finally being compelled to fall back.

Serious fighting is also reported from Kadikeny to the south of Mustapha Pasha, which ended in a victory for the Turks.

The Ottoman government has decided to increase the import duties from 11 to 14 per cent, owing to the requirements of the war.

## SERVIANS IN RETREAT. CONSTANTINOPLE, Oct. 24.

—The Servians are in full retreat toward the northeast from the town of Kumanova, which they have been attacking for several days under the command of the Servian crown prince.

## ON HEIGHTS OF SCUTARI. CETTINJE, Oct. 24.

—The Montenegrin troops have occupied the heights of Cetinje, dominating the town of Scutari, which is expected to fall.

## KEY TO ADRIANOPLE. LONDON, Oct. 24.

—The Turkish fortress of Kirk-Kilisesh has fallen. It is regarded as the key to Adrianople and is the headquarters of the Turkish third army corps commanded by Kessan Pasha.

## Firing Squad Executes Thomas Riley in Prison

SALT LAKE CITY, Oct. 24.—A firing squad executed Thomas Riley, the state prisoner here today. Riley was the second man to die for the murder of George Fawcett, a grocer, in March, 1910. With Harry Thorne, executed last month, he held up Fawcett's store. Thorne shot Fawcett as the latter stood with his hands over his head.

A Lady's Comment On Medicine and Religion

The following letter is from a lady whose name I can not at liberty to use. It should mention her name, as she would be known by almost every reader. She writes in part: "I have been reading and re-reading the article containing the substance of all that has been said about Christianity, science, new thought, suggestive therapeutics and other forms of mental healing. I am very much pleased to observe that you are putting out into the world such useful literature. It will do untold good without doing harm to those who take medicine, but for those who try to get along without taking medicine. Your article is very timely, and will be read by thousands. Medicine and religion have always been very closely associated. Only in very recent years have the two been separated as separate professions. I am glad you brought this out so clearly. The tendency of today is strongly in the direction of medicine and religion coming back together again. With your immense facilities for spreading useful information, I am sure you will greatly assist in the progress of the times in sending out broadcast such articles. I want you to know that your efforts are appreciated. "As to Peruna, I have nothing to say. I very seldom make use of any medicine. But I assure you that your article has so enthused me with the good advice it contains that if I have any need for medicine I shall certainly buy a bottle of Peruna. I shall not neglect to recommend it to others also. "Peruna, Man-a-lin and La-cupia manufactured by the Peruna Company, Columbus, Ohio. Sold at all drug stores. "SPECIAL NOTICE:—Many persons inquire of me the difference between Peruna and the other remedies. The old Peruna is now called Katarin. In your dealer does not keep it for sale write the Katarin Company, Columbus, Ohio, and they will tell you all about it."

EAST OAKLANDERS OPPOSE MERGER POHLMAN GIVES UP UNION RECORDS

An enthusiastic anti-annexation mass meeting at the hall of the Three-Mile house has held last evening. Thomas Harvey presided and he was the leading speaker of the evening. The following resolution was passed after his address: "Resolved, That in mass meeting assembled we do hereby protest against the undue measures now being taken by our sister city, San Francisco, in her attempt to force us within her boundaries to make her a larger city. We deem such as not only dangerous and unwise, but a part of a political scheme of the rank character in order to govern the entire state by her actions and to impose upon us her overwhelming indebtedness; therefore be it further "Resolved, That we as citizens of the eastern shore of the bay of San Francisco most earnestly and emphatically abjure and protest against such action being taken, and deem it unwarrantable in law and in equity as usurping our rights as citizens, and we do hereby affirm that we will use every lawful method to overcome such an attempt being taken, and we do set forth in plain language that said amendment numbered six, to be voted upon in coming election in November next is of itself unconstitutional and we believe the same will not stand the interpretation of the Supreme Court of our state. "We further recommend that every organization now existing or to be formed are hereby requested to stand by this our resolution. A special resolution of thanks was tendered the OAKLAND TRIBUNE. For the gracious use of the hall aousing vote of thanks was given to John McFarland. The hall was decorated and festooned in a very effective manner. A sparkling Burgundy that has no equal in the Italian-Swiss Colony's ARTS HOUSE is naturally commented in the bottle and not carbonated.

REMORSE DRIVES MAN TO SUICIDE

Letters Written as Schoolboy Are Cause of Tragedy Today.

(Continued From Page 1) him and seemed to increase to practically insanity as time wore on without the letters coming into the possession of the man who so regretted writing them. "FATHER PASSES AWAY. The elder Zengel died June 12 of this year and the eldest son, Theodore, was named as administrator of the estate. With the death of the father, Albert advanced his efforts to get the letters but they were never found. Whether the father had destroyed them or hidden them among his effects was not discovered. Saturday Albert visited his brother's home in Piedmont and demanded the letters. They were not forthcoming. Yesterday afternoon the crazed man purchased a .44 caliber revolver and 50 cartridges. Also, for the first time in his life he bought a flask of whiskey and became drunk. Then followed the early morning visit today and the subsequent suicide. Deputy Coroner Bert Sargent took charge of the remains. Theodore Zengel is employed by Caruth & Caruth, printers.

WOMAN IS FOUND GUILTY BY JURY

After five hours' deliberation, a jury in Superior Judge Ellsworth's court last night returned a verdict of guilty in the case of Mrs. E. Simon, accused of having performed an illegal operation on Mrs. Helen Neumann. The defendant will be sentenced next Monday. Mrs. Neumann appeared against Mrs. Simon during the trial. Attorney A. L. Frick conducted the defense. Mrs. Mary L. Brewer, who was convicted last February for having performed an operation which resulted in the death of Mrs. J. W. Enrick and who appealed her case after being sentenced to serve 13 years in San Quentin, appeared before Judge Ellsworth this morning to be committed. The remittitur in the case was handed down from the supreme court stand. Mrs. Brewer will begin serving her sentence. Conviction in the Brewer case resulted largely from the fact that Mrs. Enrick made a detailed confession implicating the wife.

ADMIRAL COMMITS SUICIDE. ST. PETERSBURG, Oct. 24.—Rear Admiral Chagin, commander of the emperor of Russia's yacht Standart, committed suicide at his residence yesterday. The cause of his act is not known.

BECKER SOON TO KNOW HIS FATE

Accused New York Police-man's Case Is Given to Jury.

(Continued From Page 1) The case was given to the jury at 2:30 this afternoon. Before retiring for deliberation the jurors were allowed until 1:30 o'clock for luncheon. Justice Goff presided. The charge at 1:50 o'clock, but John F. McIntyre, chief counsel for Becker, spent a half-hour in entering objections to the rulings of the court. The court's charge occupied three hours and ten minutes. The justice in defining the different degrees of murder passed over all but the first and second as "unnecessary to dwell upon in this case," and dwelt but briefly on the second. McIntyre in entering his exceptions to the charges, asked the court to "instruct against a compromise verdict." The court granted his request and told the jury not to return a verdict of manslaughter. Becker's wife was in the first row of seats. Justice Goff spoke almost in a whisper and the jurors leaned forward in their seats to hear him. Becker strained forward as if to catch every word. "The killing of a human being," he said, "can be considered as murder, manslaughter and excusable homicide. There can be no verdict in this case of excusable homicide and I will not consider that phase." Murder in the first degree, the justice explained, is done with intent and deliberate design to kill, and in the second degree without premeditation. "First," said Justice Goff, "the latter part of June Becker told Webster he wanted Rosenthal killed; secondly, he followed this with instructions to Rose to have Rosenthal killed; thirdly, Rose, following out these instructions, carried out the designs of the defendant. That sums up the state's case. If you find that it has been proven beyond reasonable doubt you must return a verdict of murder in the first degree. "If you find Becker had time to reconsider his design but did not reconsider, that shows design on his part." Justice Goff asked Attorney McIntyre if he should define manslaughter to the jury. "We make no such request," Becker's lawyer replied and the court omitted the definition. INSTRUCTIONS FATAL. "It matters not," the justice resumed, "whether the hand that killed Rosenthal was the hand of Becker or not. "If you find that Becker gave instructions to Rose that resulted in Rosenthal's death, then Becker is guilty of murder in the first degree. "There is a question that Rose, Webster and Valion were accomplices," Justice Goff continued. Justice Goff narrated in detail Becker's movements on the night of the murder as testified to by witnesses. "I instruct you," said the justice, "that the events referred to in this recital of the state's case does not exclude from your consideration any other events which come within the scope of the evidence. It is not plain why the men killed Rosenthal at Becker's command." Justice Goff then told the jury that every person who aided, abetted, participated in any way must be considered an accomplice. "There is a question whether Schepps was Becker's accomplice," he continued. "I am in doubt on this point myself, and therefore decline to instruct you that he was an accomplice, a co-conspirator with Rose, Valion and Webster. "You cannot convict on the testimony of accomplices, and one accomplice cannot corroborate another. The point you must determine yourselves is whether Schepps' testimony has been considered as that of a corroborating witness or an accomplice. INTENTION OF LAW. "It is the intent of the law that testimony of accomplices shall be carefully considered and weighed by the jury. There is, therefore, no inhibition upon you from considering as true the testimony of Rose and Valion and Webster. "As to Rose, you can ask your selves: 'Is it within the limit of probabilities that he could concoct this scheme of sending Becker to the electric chair?' You may consider whether it is within his mentality to devise this conspiracy, unaided, to save his own life. "If his story impressed you as a concoction, the case of the state will be lost, and you will have to acquit the defendant. "It has been contended that Rosenthal was unpopular and that other gamblers killed him; that they are now seeking to rid themselves of Becker. I tell you that that situation would not excuse the defendant if he made use of it for his own purposes. If he intended murder, he becomes the principal in the act and if the men he caused to commit murder were also impelled by motives to their deed the defendant is nevertheless as guilty as if his directions were the only cause of the gunmen's act."

### Governor Johnson Makes Four Speeches

SCRANTON, Pa., Oct. 24.—South-west, across the eastern half of Pennsylvania, Governor Johnson traveled today to make four addresses. His first speech was delivered at Berwick and the second at Sunbury, both from the rear platform of his car. After arriving at Harrisburg he motored to Lebanon for an afternoon address and then returned to Harrisburg to talk at night.

### EMBEZZLED WATCH WASN'T HEIRLOOM

The intrinsic value of a gold watch presented to the chairman of the finance committee of the California state legislature which adjourned in 1867, saved E. C. W. Klare, an Elmhurst jeweler, from a charge of felony embezzlement preferred by Mrs. Edna Steele. The watch belonged to an ancestor of Mrs. Steele, who took it to Klare to have the works removed and placed in a cheaper case. The jeweler is alleged to have pawned the watch. The felony embezzlement charge was based upon Mrs. Steele's claim that the heirloom was worth \$300. Expert testimony was introduced in the police court of Judge Samuels to show that the intrinsic value of the watch was only \$30. The charge against Klare was then reduced to misdemeanor embezzlement to which the jeweler pleaded guilty. His case was referred to the probation officer.

## SERBS DEFEATED; TURKS IN PURSUIT

Washington Waits With Interest Sultan's Attitude Over Greek Exodus.

(Continued From Page 1)

ficial statements as to the progress of the war in other parts of European Turkey, they maintain complete silence in regard to the great battle which has been raging for the last two days between Adrianople and Kirk-Kilisseh, for news of which all the world is awaiting.

With the fall of Kirk-Kilisseh the stage is set for the main event of the Balkan drama. British military officers who for many years have made a specialty of studying the Balkan military preparedness lean to the belief that the Turkish army has been holding the line between Adrianople and Kirk-Kilisseh with a covering force estimated at about 70,000 men and that the main Ottoman army is only just due on the scene.

This might account for the Turkish statement today that something more definite will be known by tonight for with the arrival of the main army at the front Turkey is expected to take the offensive.

**ARMY ADVANCES**  
 Thrilled by the words of their leader King Nicholas and his three sons the soldiers of Montenegro today continued their advance on Scutari on the Adriatic sea. Reports from the front indicated that they have driven back the Turks, and crowding along in a southeasterly direction have reached a point eight and a half miles from the city, where they are now which impeded their progress.

The bombardment of the Turkish town of Tarakosch on Lake Scutari, which began on Tuesday, was continued throughout yesterday by Montenegrin troops. The Montenegrin artillery is firing with great precision, but rain hinders the operations. The Montenegrin consul here says:

"The statements concerning Montenegrin reverses are untrue. The loss of cannon by the Montenegrins and the number of their killed and wounded have been greatly exaggerated." A dispatch from Rieka, Montenegro, says that King Nicholas, whose headquarters have been established there, crossed Lake Scutari yesterday and joined the troops at the Malissori village of Skia, where he met his three sons and with them held a council of war. The outcome of this was that Prince Mirsky was appointed commander of the Montenegrin brigade which distinguished itself at Detichitch and Tushli.

**PRINCE TAKES COMMAND.**

On assuming command, Prince Mirsky addressed his troops in the following words: "We are almost at the walls of the ancient and famous town of Scutari, within which are bound up some of the most brilliant pages of the history of old Serbia. My father, our august emperor, has commanded me to lead you. 'Follow me, my gallant men, not in the path of annihilation and death, but on the road which will bring liberty and new life to making and civilization and progress to Scutari. In this great work of yours, show yourselves to be worthy of the high reputation of the Montenegrin and remember that every step you take is followed by the eyes of the civilized world. Do not allow yourselves to be carried away by feelings of revenge for the wrongs and violence which our fatherland and the other Balkan states have had to endure for five centuries at the hands of our eastern foe."

**FAREWELL TAKEN.**

At the conclusion of the prince's speech King Nicholas embraced his three sons and bade them farewell, wishing them and the troops good luck and rapid success.

The Serbian troops have captured one part of the Turkish town of Kumanova, according to a telephonic message received at Belgrade today from Njansa.

The Turkish artillery used against the advancing Serbians had very little effect and after a short time was silenced by the Serbian guns. Desperate fighting is still going on in the vicinity of Kumanova.

The taking of the Turkish town of Novipazar was accomplished during three days' severe fighting, during which there was much slaughter, both on the Serbian and Turkish sides. The small town of Strazin, between Bagli-Palanka and Kumanova, was captured yesterday by the Serbians.

**BOTH CLAIM VICTORY.**  
 Turks as well as Serbians claim the victory at Kumanova, on the way to Uskub, where another fierce encounter is in progress.

The Turkish officials report says the Serbians have been completely routed, while the Serbians assert that they have taken one part of the town and continue to make progress. Other indications that the Turkish report show that the Serbians have suffered severely.

A call was issued today at Belgrade for all retired and reserve officers, as well as military employees, lawyers and engineers, to join the Seventh Serbian regiment, the crack corps of Belgrade, within 48 hours.

The Greeks also for the moment appear to be satisfied with the capture of the Turkish town of Servia, although their cavalry is pursuing the retreating Turks through the valley of Alakmon and attempting to cut them off.

**SERBS DEFEATED.**

CONSTANTINOPLE, Oct. 24.—The Serbian army operating near Kumanova has been defeated by the Turkish troops defending that town. The Serbians suffered enormous losses, according to an official dispatch from the commander-in-chief of the Turkish western army. The Turkish troops are pursuing energetically.

The Serbian army is believed to have comprised four strong divisions.

**WILL TURKEY PROTEST?**  
 WASHINGTON, Oct. 24.—Whether the Turkish government can or will protest against the exodus of Greeks and their hundreds of thousands of dollars from this country to prosecute the war in the Balkans against Turkey is a question that is preoccupying officials here. Thus far Turkey has offered no protest, but the attitude is being assumed by the United States in the event of such a contingency, has raised a delicate question.

The right of free speech is guaranteed to the Greeks in the United States so long as they keep within the bounds and they can send their emissaries home, if they choose, without having to explain to what purpose the money shall be put when it arrives there. There have been no armed military expeditions leaving

Plans for a novel entertainment to be held Friday evening October 25, in Scottish Rite Cathedral are being prepared by committees of Oak Leaf Chapter No. 8, Order of the Eastern Star. ## OFFICER IN BUGGY CHASES 2 THIEVES

One of Pair Who Robbed Till Are Recaptured After Pursuit.

SAN FRANCISCO, Oct. 24.—A bold daylight robbery was frustrated this morning and one of two alleged thieves captured by reason of the near presence of Patrolman Timothy Cronin.

At 10:45 a. m. two men entered the store of H. D. Junk, Seventeenth and Church streets. One of them asked to purchase some groceries and walked with the proprietor to the rear of the store.

The other man vaulted over the counter and proceeded to rifle the cash register. Junk saw him and started a hue and cry, running into the street. Officer Cronin was a block away, but heard the yelling. Jumping into a buggy which was standing at the curb, he set out in pursuit of the fugitives who had taken the coin.

The chase led over a dozen blocks and the capture was finally accomplished on Fifteenth street near Folsom. The man under arrest gave his name as George Adams. On his person was found about \$30, a portion of which is claimed, was taken from the till. He was charged with grand larceny.

In the excitement his confederate made his escape.

the United States and under international law no breach of international peace has been committed.

It is admitted, however, that the exodus of numerous bands of Greeks is for the avowed purpose of engaging in the war and the funds collected and sent abroad are to finance the struggle.

**70 CHRISTIANS MASSACRED.**

WASHINGTON, Oct. 24.—Seventy Christians, including a priest, were massacred by the Turks before their retreat from the town of Servia yesterday according to an official cable to the Greek legation here today.

Among the prisoners taken by the Greeks was one Turkish colonel.

He puts back in phosphate what he takes out in crops, or the land would grow poor. The farmer should put back into his body the vital elements exhausted by labor, or by ill-health induced by some chronic disease." Further, he says, "the great value of my Doctor Pierce's Golden Medical Discovery is in its vitalizing power. It gives strength to the stomach and purity to the blood. It is like the phosphates which supply nature with the substances that build up the crops. The far-reaching action of

Wife Says Her Spouse Elope Because She Has Lost Dental Ornaments.

Mrs. Tony Madero, youthful wife of an Elkhart bartender, complained to the police today that her husband had eloped with a neighbor, Mrs. Lena Schwartz. Madero is the father of five small children and Mrs. Schwartz is the mother of three. According to Mrs. Madero, neither her husband nor Mrs. Schwartz took any of the eight children with them.

"Ever since my husband knocked out my front teeth with a blow from his fist," complained Mrs. Madero, "he has ceased to love me because I am disfigured. Mrs. Schwartz has all her front teeth and is much younger than my husband. I think she is the one to blame."

The police said that the couple were seen at 10 o'clock last night going in the direction of the Seventh street local of the Southern Pacific company.

The police are investigating the case. Mrs. Madero lives at 147 Chestnut street and her husband was employed in a saloon at Third and Ninth street.

After being instructed and arraigned this morning, Mrs. Parker's suit was put over until October 30.

The orchestra of twelve pieces will play the dance music.

Miss Hop is in charge of the arrangements.

## Commissioner Turner Fails to Raise.

Commissioner F. C. Turner objected to his attitude of opposition to the proposed raise in salary of Babcock, superintendent of the department of the city of Oakland, under the terms of an ordinance authorizing the department, Babcock's salary was increased \$300 a year, while others in the department were reduced.

Turner caused considerable discussion and opposition to the proposed raise and the amount was changed several times.

In receding from his attitude of opposition, Turner told the city council that he was satisfied that the vice board had acted improperly in drafting the proposed salaries, and that they had been so low that they conformed generally to the salaries paid for services rendered in other departments, as well as in the department of the city of Oakland.

EUREKA, Oct. 24.—The board of town trustees has had for the first time an ordinance palling for a special election to bond the town for \$20,000 for a new pipe line from the town distributing reservoirs to the town of Salmon. All summer has been spent in obtaining a supply of water for the city, only to find that the pipe line is too weak to carry it. Water has been hauled by teams all summer. The people are thoroughly tired of that arduous task and there is little doubt about the result of the election.

# You Beer Drinkers

Read the following opinion of a scientist, an authority who has experimented and therefore knows that "light starts decay even in pure beer."

"We have tested beers repeatedly, placing the bottles in the direct sunlight, and testing the same after one, two, three and five minutes exposure, found that the beer with three and five minutes exposure became undrinkable on account of the peculiar odor developed. The detrimental effect of light upon beer can be successfully counteracted by the employment of brown or dark colored glass bottles, and such bottles are, therefore, recommendable."

## KNOWLAND ADDRESSES SOUTH BERKELEYANS

### Congressman Tells of National Legislation and Panama Canal

BERKELEY, Oct. 24.—A splendid audience that filled every seat in Lincoln hall greeted Congressman Knowland last evening in South Berkeley. A large number of California's new voters were present and were much interested in what the speaker had to say concerning his activity in Congress in securing appropriations to uphold the hands of the Department of Justice in suppressing the white slave traffic.

The meeting was called to order by E. J. Brown, George Gelder, Republican nominee for the Assembly, was first introduced. Among the reforms which Gelder said he would advocate would be the abolition of the electoral college and the election of United States Senators by the direct vote of the people.

Congressman Knowland was introduced as one of the most able and active congressmen on the Pacific Coast and his re-election was predicted by an overwhelming majority. As he rose to speak he was given an enthusiastic reception.

**INDIFFERENT TO CRITICISM.**  
He always made it a point, declared Congressman Knowland, "not to go about trying to answer the criticisms of opponents. In this campaign I have never once mentioned the name of either one of my two opponents because I have not cared to advertise them. I am frequently asked for their names. One of these opponents has been charging that I am an enemy of the man who tolls and he has indicated that if he should be elected to Congress no one would be compelled to toll in the future and that the money in the world would be divided.

"This candidate reminds me of the patent medicine man who stands upon the street corner and with eloquence and persuasiveness offers a nostrum that will cure every disease to which flesh is heir. Occasionally one is inveigled into purchasing a bottle but when it is opened and tried it is found that it does not cure as claimed. In the meantime the patent medicine man has gone into another section.

Congressman Knowland reviewed his labor record, declaring that he had always labored to do something practical for the man who tolls and the most practical

thing in his opinion was to obtain him work at good wages.

"I have worked for an eight-hour day for all work done on behalf of the Union and this law has now finally been placed upon our statute books. It was my activity on behalf of union labor that caused the Vallejo and Trades and Labor Council to pass commendatory resolutions which I have in my possession.

**TALKS ABOUT CANAL.**  
Following his preliminary address Congressman Knowland delivered his illustrated lecture on "The Panama Canal and How Congress Has Provided for Its Operation."

"At the last session of Congress an act was passed providing for the operation of the completed Panama Canal. The enactment of this legislation has caused the American people to realize that the day is close at hand when this mighty engineering project, the greatest ever undertaken by any government, will be completed. It is announced that vessels can pass from ocean to ocean through Uncle Sam's stupendous waterway in October of next year. It will be tried out for fully a year, but the formal opening is still scheduled for January 1, 1915.

**TO DOUBLE NAVAL EFFICIENCY.**  
"With the opening of the canal one great American fleet can be substituted for the present Atlantic and Pacific fleets, thus doubling the efficiency of our navy. Every harbor and waterway is bound to feel the stimulus. The products of California will reach markets from which they have been barred because of excessive freight rates. The creation of the Interstate Commerce Commission by Congress has not had a more salutary effect in regulating freight rates than will the opening of this great waterway, now that Congress has provided for free tolls for American ships engaged in the coastwise traffic and prevented railroad domination."

At the conclusion of his address many of those present came forward to greet Congressman Knowland, declaring that he would carry South Berkeley by a substantial majority. Congressman Knowland will again speak in Berkeley on Wednesday evening, October 30, at the High school auditorium.

## VERBA BUENA NO LONGER EXISTS

Goat Island Now the Official Name, Declare Government Officials.

The Spanish name of Torba Buena Island was changed officially to plain Goat Island yesterday by the board of geographic names in Washington, D. C. That the name had been changed officially was communicated to H. W. Rhodes, inspector of lighthouses for this district, when he was notified that the lighthouse station on the island also would be known by the new name.

"It is my opinion," said Inspector Rhodes, "that the people will regret that the geographical board has changed the name of the island. The name Verba Buena was a connecting link in the history of the early times of San Francisco, and was one of those names which it had been thought best by the people in general to preserve."

The name Verba Buena was given to the island by the Franciscan padres because of a benediction which was said growing on the island and which the Spaniards used for a medicine. The herb still flourishes in large patches on the sunny south slopes of the island. How the name of the island was changed to "Goat" was given to the island history has failed to record, although it was part of a strange and varied nomenclature given to local places by the forty-niners.

**DISMISSES SUIT AGAINST HEAGERTY**

Judge Harris Rules Against J. H. Moritz in \$25,000 Damage Case.

The suit against D. M. Heagerty, a Fruit grower, for \$25,000 damages for false imprisonment, brought in the Alameda county courts by J. H. Moritz, has been dismissed by Judge Harris.

Heagerty had Moritz (who does business in Oakland as the International Fruit Association) arrested on a charge of having neglected to account for money collected. The jury in the first trial dismissed and he was rearrested on an amended complaint, which was later dismissed, the money in the meantime, according to Heagerty, having been paid to him by the attorney who represented Moritz in the collection suit. Moritz subsequently brought the action for damages for false imprisonment, which Heagerty defended and, through his attorney, former Judge Alfred A. Van Hosenberg of Fruitvale, filed a lengthy special demurrer, resulting in the dismissal of the action.

WASHINGTON, Oct. 24.—The Arlington Heights Fruit Exchange won its contention before the Interstate Commerce Commission yesterday, that advances by railroads in the rate on lemons from 11 cents to 14 1/2 cents from California points to points in Oregon, Washington and Idaho is not justified.

The commission issued an order that the 11 rate is reasonable and that the carriers must not charge more than 11 per cent. Repetition is awarded to California who have paid the 15 cents difference from December 8, 1911. This will amount to a large sum in the aggregate.

## ARBITRATION IS FUTILE, SAYS WOOD

"War Will Last as Long as Men Are Men," Says General.

LOS ANGELES, Oct. 24.—"War is not over and never will be so long as men are men."

Major General Leonard Wood, chief of staff of the United States army, who is in Los Angeles inspecting proposed sites for fortifications, made that remark to members of the Chamber of Commerce and others interested in the establishment of an army post near this city.

"The war in the Balkans," General Wood continued, "is not over for so many years, is now an actuality, and it gives the champions of arbitration something to think about. Arbitration will not maintain the peace of the world. A nation's only safeguard against the horrors of war is preparedness for war."

"A nation cannot be a flabby thing; it must be able to defend itself," General Wood said. "California ought to increase its national guard. He declared there should be three or four regiments of full war strength south of the Tehachapies."

"We talk of our undeveloped military assets," he added, "but we can develop in time, but the delay means loss of territory for a long period and great and unnecessary loss of life."

"Although the United States has the best system of coast defense in the world, it will not keep a strong enemy from invading our shores. Unless you have men on their legs with guns in their hands you can't keep an enemy from landing and establishing himself. The Pacific coast states form a fertile territory, with plenty of provisions, and an invading army could maintain itself for a long time. You people must do your part by building up a stronger national guard."

## SHERMAN CONTRIBUTES TO CAMPAIGN SEES TWO GREAT ISSUES BEFORE PEOPLE

VICE-PRESIDENT JAMES S. SHERMAN, WHO DELIVERED A SPEECH LAST NIGHT AT UTICA, NEW YORK.

### Vice-President Declares Democrats' Idea of the Tariff Means Real Danger

UTICA, N. Y., Oct. 24.—Vice President James S. Sherman last night contributed a shared address to the Republican campaign, in which he dwelt upon two issues before the country—constitutional liberty and industrial opportunity.

This statement by Sherman, which is addressed to the American people, is practically his only contribution to the election work of his party, the vice president's health having made it impossible for him to take an active part in the campaign. The statement in part follows:

"It has been a matter of keen regret that I have not been able to take an active part in the present campaign. The restraint has been the more irksome as I have realized that we are passing through a national crisis such as we have not experienced since the civil war. It is hard indeed to be only an onlooker at such a time and I am almost impelled to disobey the doctor's orders and rush into the conflict, but I must not for I have private and public obligations for which I must conserve my health."

"There are two great issues in this campaign which stand out alone. One our constitutional liberty—the other industrial opportunity. I realize fully the spirit of unrest that has been aroused during the last few years by muckrakers and demagogues. 'I appreciate most thoroughly and join most heartily in the desire for social and industrial betterment. I am in full sympathy with every well directed effort to elevate still further our already high standard of living, to eradicate injustice and iniquitous conditions in our social and industrial life, but I am equally concerned if any evils that have crept into our national affairs can be eliminated by breaking down our constitution, by attacking the courts or increasing the power of the mob.' Happily I believe that the threatening danger which seemed to menace our institutions has been averted."

"But a menace remains. We cannot improve the present social and industrial situation by tearing down existing industrial conditions and abandoning opportunity for individual and national progress."

#### TARIFF FOR REVENUE

"The Democratic platform of 1912 as did the Democratic platform of 1892, declares unconstitutional the imposition and collection of tariff duties except for revenue. The Democratic candidate, Mr. Wilson, has declared that he would repeal all protective duties. The present Democratic house of representatives has put itself on record in favor of the lowest import rates, so we may assume that in the event of Democratic success we shall have a tariff for revenue only."

"We are today enjoying a larger degree of prosperity, a greater volume of employment and higher individual and collective wages than ever before in our history. No man can be idle who can or will work. The newspapers in their want columns are printing tenfold more help wanted advertisements. Our farmers have harvested the most valuable crop ever known and our railroad facilities are taxed to their utmost to handle it. Our merchants were never so busy and our banks are bursting with surplus funds. We are buying more abroad than ever before and we are selling largely more than we buy, ensuring a favorable balance of trade to meet our foreign obligations."

"Every year under the present tariff law we have had a substantial treasury surplus. We are as contented, prosperous and happy as an ambitious people can be who are ever seeking to improve conditions and to increase a constantly growing income. The issue, then, is whether we shall go forward or whether, as in 1818, 1848, 1857 and in 1894, under low tariffs, we shall go backward."

"We have been the most progressive people of all history and we have come under Republican legislation and administration. No individual or band of individuals can appropriate the word 'progressive.' Pretense is not progress; pretense is not progress; only performance brings real progress and the attainments of the Republican party have brought up a national progress which today is the envy and admiration of the civilized world."

"Shall we again destroy confidence? Shall we open our ports and present our splendid home markets to Europe and China and Japan? Shall we take from our people all industrial opportunity, driving them to idleness and depleting our capital and savings?"

"To re-elect President Taft would be to follow experience and not experiment. The government would continue to be safe in his hands. The nation's affairs would be efficiently and economically managed. Both capital and labor would be unafraid and safeguarded against an inequitable foreign tariff and adjustment. Home conditions of labor and production were never more nearly ideal than now. Their continuance can be assured only by the continuation of the Republican administration of President Taft."

#### Egg Market in Nearby Counties.

Petaluma, Oct. 24.—The egg market is very strong, and after receipt of transactions of the San Francisco dairy and egg exchange quotations were marked up 1c on extra ranch eggs, and 1c on select pullets. The grading is a little different in the Petaluma market than in San Francisco, the above named grades being the only grades recognized here. Independent dealers are offering 47c for extra ranch and 31c for select pullets. The recently proposed change of payment is meeting with great disfavor. All quarters, and has not been universally adopted by all local buyers. Dodge, Sweeney & Co. being one of the large buyers that are not on the old basis. It is believed that the effort to put the new method over will result in failure, as the practical effect of the plan is that the producers are making the buyers to beat down the price against the producers themselves. The delivery yesterday was light.

#### SANTA CRUZ, Oct. 24.—Eggs

are again advancing in price. Buyers are paying 45c per dozen, an increase of 1c over quotations of the day previous. Receipts advanced to 10,000 cases. First of the best quality, though scarce, were quoted at 25c.

## ANTI-ANNEXATIONISTS WILL RALLY TONIGHT

### MEETING TO BE HELD IN THEATER

Demonstration Against San Francisco Plot Will Be Notable

Speechmaking and Music to Make Up Program of the Evening

UNLESS all indications fail the mass meeting tonight at the Macdonough Theater under the auspices of the Women's Auxiliary of the Alameda County League will be one of the crowning successes of the campaign which has been waged by the cities of the east bay shore against the adoption of the proposed consolidation amendment. It is expected the theater will be filled to capacity and that the audience will take advantage of the opportunity to voice an emphatic protest against the act designed to enable San Francisco to disable her sister cities in Alameda and Contra Costa counties.

The program will be varied in character. The address of the evening will be made by Peter Mosby, who has made a thorough study of the proposed amendment and is well qualified to point out its dangers and its viciousness. City Attorney Ben F. Woolner will also be heard. There will be vocal selections and several numbers by the Macdonough orchestra.

The work of arranging the meeting has been in the hands of the advisory board of the Women's Auxiliary, consisting of Mrs. Frank K. Mott, president; Miss Mollie Conners, secretary; Mrs. Isaac L. Regue, Mrs. C. S. Chamberlain, Mrs. Sarah C. Borland, Mrs. Henry Wetherbee, Mrs. Charles H. King, Mrs. Charles Leonard Smith, Mrs. Cora Jones and Mrs. Thomas Hogan.

**THEATER DECORATED.**  
Mrs. Regue and Mrs. King have devoted special attention to the decorations of the theater and have been busy all day preparing it. American flags will be used in profusion, one of the national banners forty feet long forming one of the drapings over the stage.

In selecting the vice-presidents the women of the committee met with hearty and encouraging responses to the invitations to serve in that capacity. Not a person who was appealed to said "No." They all wanted to know what they could do in addition to serving as vice-presidents to make the meeting a big success. They all showed a fine spirit, indicating that the women are practically solid against the proposed amendment and that the work that has been done among them has been effective and thorough.

The women's branches of the Grand Army will send a delegation of 120 members to the meeting, who will occupy seats together. These will represent Appomattox Relief Corps, No. 5, Mrs. Sadie Thompson, president; Lyon Relief Corps, No. 4, Mrs. Margaret Klink, president; Lookout Mountain Relief Corps, No. 35, Mrs. Georgia Hodgeman, president; Colonel Weyman Circle, Ladies of the G. A. R., Mrs. Barton McMath, president, and Daughters of Veterans.

The doors of the theater will be thrown open at 7:30 o'clock. Printed matter concerning the proposed amendment will be distributed in the lobby and foyer under the direction of Mrs. Emma Shertzer, assisted by Miss Cynthia Lee, Mrs. J. R. Farrell, Miss Georgia Loring, Miss Minnie Smith, Miss Claribel Williams, Mrs. C. L. Case and Mrs. M. M. Goodhue.

**MEETING AT APARTMENTS.**  
A meeting was held last night at the Barrows apartments, Eleventh and Oak streets, which was addressed by B. P. Miller. The gathering was a particularly good one. Miller made a forceful address that was well received.

## TROTTER RACES ARE RUN OFF TODAY AT PLEASANTON

District Attorney Donahue Opens Exhibits With Speech of Praise

PLEASANTON, Oct. 24.—A live stock parade followed by a show in which pigs, cattle, sheep, pigs and horses were entered marked the second day of the Alameda county fair which opened yesterday. Scenes of gayety. Trotting races were also run on the Pleasanton race track later in the afternoon. There were many entries, among them being some of the speediest horses on the coast. Valuable prizes were offered by the Alameda County Fair Association.

The number of exhibits in the general building and the horticultural arcade connecting the main building with the poultry building were increased today, there now being 3000 exhibits shown by 300 individual exhibitors. A great many of the flowers and rare plants in the arcade come from the Hearst ranch near here. The collection is considered perhaps the best that has ever been shown in the county. The Hearst nursery and hot houses having been ransacked for the finest specimens. Among the cattle and sheep shown this afternoon were many animals that had taken first prizes in Chicago and other large centers. Some of the Shorthorn bulls were particularly fine specimens. There were also the Shropshire sheep.

opportune time and the directors are to be congratulated upon the splendid exhibition of the resources of this community and the advertisement that has been given to this fair. By this means an enthusiasm will be created that will bring to the eastern portion of Alameda county the residents of the bay section of this county, and they may here see how much we are a part of them. The eastern end of Alameda county and the western end are no longer separated by any line of demarcation. “We have now reached the position in Alameda county where the advancement of the townships of Pleasanton, Washington and Murray means also the advancement of Oakland, Alameda and Berkeley; where the gain of the one is the gain of the other. I believe the question of county division of this great county of Alameda has been definitely settled, and that the important question now before us is not county separation, but county unification.”

**BEWARE DIVISION.**  
“Some years ago Alameda county, at a great cost, caused a tunnel to be put through the Berkeley hills in order that we might get more direct communication with Contra Costa county. Everybody accepted the expenditure of money as a wise course. If that is true, how inconsistent it is upon the part of anyone to advocate county division. “With the boulevard now being constructed through Niles canyon and also the boulevard almost completed through Dublin canyon, with the road over the Mission hills as good as a boulevard already, the means of access from the bay section of this county to Pleasanton and Livermore is such that we are already a distinct part of the larger cities.”

**DEMONSTRATION NECESSITY.**  
“The building of these splendid roads, coupled with the fertility of this”

**DONAHUE OPENS FAIR.**  
The fair was formally opened at 2 o’clock yesterday afternoon by William H. Donahue, district attorney, who was invited by Mayor Charles C. Schwenn and E. F. Hall, president of the fair association, to deliver the opening address. He said in part: “DAY by day it is becoming more apparent that Alameda county is rapidly growing into a more unified position. Within the next decade from Oakland to Pleasanton will be almost a continuous city. “This agricultural fair comes at an

## COUPLE FOUND NOT GUILTY OF MURDER

Alleged Insanity Responsible for Acquittal of Mr. and Mrs. G. W. Brown.

Jury Believes There Is Danger of Recurrence of Crime.

COLFAX, Wash., Oct. 24.—“Not guilty, by reason of insanity,” was the verdict returned today by the jury in the case of Mr. and Mrs. George Wesley Brown, charged with the murder of Al Neeves, Mrs. Brown’s father. “The jury finds that there is danger of a recurrence and it is dangerous for the parties to be at large,” the verdict adds.

Counsel for the defense filed objection to the verdict on the ground that it was unconstitutional. The case went to the jury last night. According to the testimony, Neeves was killed by Brown and his wife September 17, at a ranch near here. The couple, who had walked from Colfax, Idaho, without funds and almost without food, waited until Neeves was alone in the ranch house. Brown then fired five bullets into his father-in-law’s body and Mrs. Brown shot her father through the head as he lay bleeding on the floor.

**COUPLE SURRENDER.**  
The Browns walked into Colfax and gave themselves up. Mrs. Brown told a terrible story of her relations with her father, declaring that he had assaulted her and instigated other men to do so while her husband was absent from their home in Idaho. The Browns brought suit against several of the men in Idaho, but declared they had been threatened and were convinced they could not get justice in the courts so they determined to kill Neeves.

# HENRY SUSNA DROWNS IN BAY

**Man Who Lost Life in Raccoon Straits Was Alameda Ship Rigger.**

ALAMEDA, Oct. 24.—The man who went to

his death through the overturning of his sailboat in Revere's straits Tuesday was probably Henry Susna of 67 Central avenue, this city. Mrs. Susna went to San Francisco this morning to identify the boat and the crew which was found in the bay with an East Oakland address upon it. Susna left Alameda Monday afternoon to sail across the bay. He was accompanied by A. M. Smith, mother of the girl drowned. Miss Nell Schmidt, that a heavy fog was prevailing in the bay and that the sea was too dangerous for the small craft Susna intended making.

Susna laughed at the warning and said he knew his boat and was not afraid. He left on the trip, and nothing has been heard from him since. The news of the tragedy in Honolulu, where the boat was wrecked, made the report, attracted the attention of Mrs. Schmidt, and she told Mrs. Susna of the accident. Feeling certain it was her husband who was drowned while immigration inspectors and the coast guard were making a search for the effectual efforts to rescue the drowning man, Mrs. Susna left on the first train this morning for San Francisco. Susna leaves three small children.

his family came to Alameda a year ago to live. He was in the habit of using his sailboat in going to and from his work as a rigger, being fond of sailing and devoid of fear of the water. He kept his boat on the beach owned by Mrs. Schmidt.

**PLEADS INNOCENT**  
Guy Eddie of Los Angeles Is  
Arraigned on Charges  
Brought.

LOS ANGELES, Oct. 24.—Former City Prosecutor Guy Eddie appeared before Judge Wilbur in the juvenile court today in answer to an information charging him with contributing to the dependency of Mrs. Alice Phelps, a white woman, aged 20, and pleaded not guilty. He was then arraigned on the charge sworn to by Mrs. Alma Jones, a colored woman, aged 19. Hearing of the preliminary

eventure in this case, it was said, would probably consume two or three days, as both sides announced they had many witnesses to be called.

## DECIMAL IN WRONG PLACE NULLIFIES BID

A decimal in the wrong place nullified the bid of the Pacific Coast Dredging and Reclamation Company for work in deepening the slugs at the foot of Frank-

lu and Webster streets. The Pacific people were the only bidders, but they offered to do the work for \$0.0245 per yard, whereas they meant to bid 24 1/2 cents per cubic yard. Upon the consent of the city attorney the bidder will be permitted to withdraw the bid and new bids will be asked.

## writes of the Steinway Piano

In a letter to Messrs. Sherman, Clay & Co., Mme. Gadski writes: "I like to take advantage of the opportunity to reiterate my high regard for the Steinway Piano, the superiority of which I have always conceded by never using any other instrument, either public or private, during all my American tours, notwithstanding many offers to make a change."

## Y. M. C. A. TO INAUGURATE BIG MEMBERSHIP CAMPAIGN

WILLIAM C. TOOLE, MEMBERSHIP SECRETARY OF OAKLAND Y. M. C. A., WHO IS ACTIVE IN PLANNING TO GAIN NEW MEMBERS

On the day before the presidential election the Oakland Young Men's Christian Association will begin the largest membership campaign undertaken since the organization occupied its new home at Twenty-first street and Telegraph avenue.

An important meeting of departments interested in the proposed campaign took place around the dinner tables at the association building last evening when the first step in planning the work was taken.

W. H. Jenkins presided and enthusiastic talks were made by State Secretary J. E. Sprunger, William C. Toole membership secretary of the local branch, William Fuchter acting general secretary and other prominent members.

It is estimated that there are between 37,000 and 40,000 men and boys in Oakland between the ages of 12 and 35 years who are eligible for membership but who have not yet enrolled. The names of 9000 men and youths are in the hands of the various committees, which will canvass the city by precincts.

A loving cup donated by a member is to be awarded to the team bringing in the largest number of members.

The campaign is to begin November 4 and continue for five days. Regular meetings will be held in the meantime to systematize the arrangements for membership-getting. It is the association's intention to increase the membership from 2000 to 2500 before the end of the year.

Captains of membership teams from the various departments were chosen last night as follows:

Educational, Harvey L. Burchell, registrar; A. H. Brandt physical; Thomas J. Thompson, social; H. L. Kamp, dormitory; E. D. Read.

## "OVERCAPITALIZATION" The Evil of the Business World

Here are a few concrete examples. The Tobacco trust, formed upon an aggregate plant value of less than \$50,000, issued stocks and bonds for \$25,000,000. The Georgia Central railroad possessed an actual investment value of \$3,500,000. Mortgage "watered" it to \$52,000,000. The Ship trust based its bond and stock issues of \$71,000,000 upon properties not worth \$6,000,000. The street railways of Manhattan island show bond and stock issues aggregating \$375,000,000. The cost, new, under \$75,000,000. The Steel trust in a recent year supported a bond and stock situation, the total of which was \$1,200,000,000. Four-fifths was "water."

Thousands of similar magnitude which, if computed, will show a condition without parallel in the world's history of inflation. "The people have the paper and the promoters have the coin." We are no corporation, we have no watered stock, we are the absolute owners of our business, and are striving to and are doing a legitimate drug business. We have two of the largest department drug stores in the state. We are the same Osgood Brothers who have been in business in Oakland for 27 years at Seventh and Broadway and Twelfth and Washington streets.

P. S. Don't you think you should trade with a legitimate drug store, everything being equal, and then some?

## WHEN JOHN D. WANTED 'RAISE'

Rockefeller, as Boy, Was Told  
He Was Getting All He  
Was Worth.

YONKERS, N. Y., Oct. 24.—When John D. Rockefeller was a boy he worked for Isaac H. Ewing of Cleveland, an uncle of Henry Clews, the New York banker. Mr. Clews, in speaking to the Yonkers high school, told this story:

"My uncle was paying Rockefeller \$15 a week. This did not look so very big to young John D., so he paraded up to Mr. Ewing and asked for more money."

"Why do you want more money?" asked Uncle Isaac.

"Because my work merits an increase," said Rockefeller.

"Wrong again," said my uncle. "You're getting all you're worth."

The mothers of Lydia E. Pinkham's Compound have been successful in curing their daughters as these show—they tell the story of how they could not have been cured by any other means. These mothers' letters are the best for

## COLONEL AND WIFE NARROWLY ESCAPE

Driver Saves Lives of Gardeners When Rig Goes Over Bank.

SAN FRANCISCO, Oct. 24.—The prompt action of the driver in seizing the horses' heads as their carriage went over a high embankment probably saved the lives of Colonel and Mrs. Cornelius Gardner Tuesday night at the Presidio. Both were severely bruised by the overturning of the rig.

The accident occurred on the main road leading Infantry Terrace. Colonel and Mrs. Gardner were on their way to the home of Major Gray to keep a dinner engagement.

Not far from the residence of Colonel Gardner the road is being repaired and has had not been placed across the drive to keep out heavy teams.

Coming to the bars, M. Ginsburg, the driver, handed the lines over to Colonel Gardner and got out of the carriage to remove the obstruction. The horses became restless and commenced to back. Owing to the muddy condition of the road the colonel was unable to bring the carriage to a stop before it had gone over the high embankment.

As soon as Ginsburg saw the carriage go over the edge of the drive, he sprang to the horses' heads and threw his entire weight onto the bit. This acted as a brake and prevented the horses from falling over onto the closed rig, which had overturned.

They returned home immediately. Mrs. Gardner was unable to leave the house yesterday, but her injuries are not serious.

## TORTOISE STARTS BLAZE IN CHURCH

Kicks Over Lamp and Twenty-five Turtle Lives Are Forfeited.

DENVER, Oct. 24.—A tortoise set fire to St. Mark's Episcopal Church here last night, considerable damage resulting and 25 tortoise lives were lost.

A tortoise kicked over a lamp in a box which he and 24 others made their home. The box was kept in the guild room of the church and the lamp had been put in to keep the animals warm.

They were the property of the Rev. John H. Houghton, rector of St. Mark's, who had collected them from various parts of the world.

## HEIR TO ESTATE LIKES EXCITEMENT

Gets It, Along With Trip to  
New York and Police  
Station.

NEW YORK, Oct. 24.—Heir to one-fourth of an estate valued at \$500,000, a man who is said by the police to be William Reynolds Victor Koch, is a prisoner here today, charged with attempted burglary, which, according to detective who arrested him, was the result of their captive's mania for excitement.

Tactless and sullen, Koch was brought into court after a battle in a saloon with the police. To the magistrate he would not admit his identity, but the police, arresting him under the name of "John Doe," say he has twice served sentences, in jail for burglary, declaring that they identified him through pictures in the rogues' gallery and by finger prints.

Koch is to remain in the state six years hence, when he will be 24 years old.

## STERLING SILVER GOODS HIGHER

Tableware Increases in Price  
When Silver Bullion  
Goes Up.

NEW YORK, Oct. 24.—Owing to increase in the price of silver bullion, manufacturers of sterling silver flat ware have advanced the price of spoons, forks and tableware approximately 10 per cent.

In January last silver bars were quoted in the New York market at \$75 an ounce. The price today is slightly above \$76 an ounce. The reason given for the upward movement is the fact that the Indian government has come into the market as a heavy buyer.

FIRST ORANGES FOR EAST.  
ROCKLIN, Oct. 24.—Northern California shipped the first car of navel oranges of the 1912 season. Rocklin Placer county, again carries off the honor of being the earliest section in California for citrus fruits. A carload of well-colored, fully matured and sweet navel oranges was shipped to the eastern market yesterday by the Whitney Estate Company's Spring Valley ranch.

Fortunes in Faces.  
There's often much truth in the saying "her face is her fortune," but it's never said where purple skin eruptions blotches or other blemishes disfigure it. Impure blood is back of them all and it's the need of Dr. King's New Life Pills. They promote health and beauty. Try them. 25 cents at Osgood Bros.

## BATTLESHIPS OUT OF COMMISSION

Connecticut and Nebraska Are  
Temporarily Retired for  
Repairs.

WASHINGTON, Oct. 24.—Two powerful battleships of the Atlantic fleet are temporarily out of commission as a result of the recent naval review in New York harbor. The Connecticut, flagship of Rear Admiral Hugo Osterhaus, commander in chief of the fleet, is in the dock at the New York navy yard with a cracked tail shaft, and Admiral Osterhaus' flag probably will be transferred to the new dreadnaught Wyoming. The battleship Nebraska, the other disabled vessel, is docked at the Boston yard to receive a new crank pin.

## INFANTILE PARALYSIS INVADES ESKIMO LAND

WASHINGTON, Oct. 24.—Infantile paralysis has appeared among the Eskimos of Alaska for the first time on record and the public health service is taking measures to stamp out the disease.

Reports were made to Surgeon General Blue yesterday of five cases and one death at St. Michaels and ten cases and two deaths at Unalakleet, 45 miles away. Three cases have been reported in Sitka.

As a result of the recent investigation, Surgeon General Blue has ordered the public health service officers in Alaska to investigate the probability of the disease being carried by stable flies.

## Hoarseness

is often caused by poisonous secretions from the throat. It is a sign of a serious condition and should be treated at once. Kordon's Cough Syrup is the best remedy for hoarseness. It is a powerful expectorant and soothes the inflamed throat. It is sold in all drug stores.
